1985-1986 Escuela de Arte y Oficios, Barcelona, Spain, specialising
in sculpture

Working in London

"The *Salare* series is inspired by the landscapes of the salt flats of the Atacama Desert of northern Chile. Part of my aim is to enrich or complete my historical work, which has been based on the geology and the tectonic activity of this region. With these paintings, I want to talk about the surface of this terrain. With the accompanying organic pieces, I have tried to construct the rock formations that complete this three-dimensional landscape."

Solo Exhibitions

- 2022 *Terra*, The San Diego Museum of Art, California, USA
